

SOLVEO

ADVISORY

At a Glance

- The scope of SOLVEO's activity is primarily tax advisory for business entities and capital groups.
- We provide professional services in a simple way – based on perfect communication and direct relationship with the client.
- SOLVEO brings together tax advisors with experience gained in international consulting firms and in managerial positions in tax inspection authorities.
- We cooperate with auditors, accountants and lawyers, thanks to which we are able to offer comprehensive solutions.
