

At a glance

- We are a US-incorporated company with offices and teams across the US, India, and the Middle East.
- We are backed by leading institutional investors such as Nexus Venture Partners & Sorin Investments, UST, and private investors across the US, London, Singapore, UAE, and India.
- We have served over 300+ clients across all the geographies.
- We are a global tech-enabled consulting company that specializes in Accounting & Reporting Consulting (ARC), Governance, Risk & Compliance (GRC), Sustainability and Climate Consulting (SCC), Tech Consulting and Valuations.
 - Our ARC practice is designed to collaborate seamlessly with finance, internal audit, and risk functions, serving as a valuable extension of your team.
 - Our GRC Consulting helps organizations manage risk, ensure compliance, and build resilience through governance, controls, and automation.
 - Our SCC practice is built on the rich practical experience of SustainPlus that rolled into Uniquus as a part of our formation. We provide end-to-end services in ESG, Climate Action, and Corporate Responsibility.
 - Our Tech Consulting practice combines deep functional knowledge and provides business solutions using algorithms, data and AI & machine learning.
- Our Valuations practice delivers a comprehensive suite of tech-enabled valuation solutions across the breadth of asset classes, supported by deep technical expertise, strong industry knowledge, and a nuanced understanding of accounting and regulatory requirements
- We have invested in cloud-based solutions to ensure global compliance, integration and streamline processes -
- Reporting UniVerse automates financial statement and annual report creation in the cloud, delivering board-ready documents efficiently.
- Risk UniVerse streamlines ICFR/IFC/SOX compliance with centralized data, automated workflows, and interactive dashboards for enhanced audit readiness and stakeholder trust.
- ESG UniVerse, built on Goodera ESG, simplifies the entire ESG journey, including disclosures, GHG accounting, benchmarking, and maturity assessments.
- AI UniVerse is Uniquus' next-generation AI platform designed to embed intelligence across finance, risk, compliance, SCC and business operations. Leveraging Generative AI, machine learning, and advanced analytics.
- We offer the essential technical acumen, skills, technology, and operational capacity to address business challenges without incurring additional manpower costs for organizations. (
